American Concrete Essentials

PRODUCT CATALOG
2019

Dear Valued ACE Customer,

We are grateful for the opportunity to serve you. ACE is a locally owned business based out of Knoxville, TN. We strive to deliver the highest quality products with the highest level of service. With over 20 years of experience in the construction industry, I have done everything from pouring concrete, to polishing concrete, to even designing the diamond tooling for grinding concrete. Having a background with real experience has allowed me to base my company in actual knowledge about what works best and what doesn't. Here at ACE, we aim to support our customers with personalized service with our knowledge in the industry, so that you the customer can have the best experience possible on your job site. We take pride in our diamond tooling, our dedicated employees, and our commitment to lasting client relationships. With top notch customer support you will always talk to an experienced ACE representative who is ready to answer any questions you may have, just Ask ACE!

We want to say thank you to those that have been with us from the beginning and to new customers for joining the ACE family. We hope you enjoy the 2018 catalog and we can't wait to serve you in the future.

Sincerely,

Sam Lewis
President & CEO

American Concrete Essentials

OUR PHILOSOPHY

At ACE, we pride ourselves on our superior customer service, content knowledge, and the quality of the products we sell. Our top priority is the satisfaction of our customers. We believe in providing premium products and expert technical service.

WHAT WE DO

Founded in April 2014, American Concrete Essentials, LLC is based in Knoxville, Tennessee, and specializes in the concrete grinding, polishing, and floor preparation industries. We sell new, used, and refurbished grinding equipment and dust extractors. We also carry consumables such as diamond tooling, hand tools, concrete chemicals, dyes, sprayers, machine parts, cup wheels, cleanup materials, and much more.

PERSONALIZED APPROACH

Sam Lewis is the President of American Concrete Essentials, LLC. He has over 20 years of experience in the concrete industry with a background in construction as a licensed general contractor. Sam has dedicated the last 11 years of his career to the concrete preparation and polishing industry.

Put Our Experience to Work for You, Ask ACE!

Diamond Tooling

Premium Slide-Loc™ Metal Bond Diamond Tooling

Home of the 37 Second Tool Change

Our premium metal bond tools are highly effective in grinding all types of concrete. They leave a smooth profile and are available in a variety of grit sizes and bonds to ensure the fastest productivity with the least amount of labor.

Slide-Loc™ plates are available for all major brands of grinders. Please call us to get the right ones for your machine.

SL Diamond Tooling Color Code

Racatac® for Edge Grinding

The Racatac® allows you to be in a kneeling position with your knees and back completely supported and your weight evenly distributed. You can then control your movement with your feet while both hands are free to work.

Both the seat and chest support adjust at different angles, different heights, and slide on rails front to back. This allows you to use both hands in different working positions while your back and knees are fully supported, and you can control your movement with your feet and toes. The seat support is a comfortable dual density foam which connects and disconnects quickly.

Item #	Description	Price*
21140	Racatac 3" Casters (w/ Chest Support)	\$289.00

New Equipment

Shave-master™ and Blades

The Shave-master™ is a floor machine designed specifically to make concrete corrections and coatings removal simple. It does this by creating evenly spaced grooves. The grooves can also be used to create traction and reduce the risk of slip and fall on ramps and sidewalks.

Applications

- ◆ Prep Surfaces
- ◆ Coatings Removal
- ◆ Aggregate Exposure
- ◆ Joint Repair
- ◆ Grooving
- ◆ Lippage Removal
- ◆ Paint Striping Removal
- ◆ Improve Floor Flatness

Technical Data:	SM-320
Motor	15 HP
Volt	460 - 3 phase
Working Width	Up to 13"
Overall L x W x H	43" x 46" x 24"
Weight	716 lbs
Blade diameter	10"
Cutting depth	Up to 1/2"

Item #	Description	Price*
25100	Shave-master™	\$23,500.00
Parts & Accessories:		
25200	Blades 10" x .110" x Hex Arbor x 10mm	\$55.00
25201	Blades 10" x .250" x Hex Arbor x 10mm	\$109.00

*All prices are subject to change without notice.

NOTE: Unit comes equipped with 25 each .250 blades. Shown with 50 each .110 blades.

Features

- ◆ Self-Propelled Hydrostatic Drive
- ◆ Forward and Reverse
- ◆ Speed Control
- ◆ Adjustable Depth Control
- ◆ Built-In Vacuum Port

UltraGrind

Propane Concrete Grinder and Polisher

The new UltraGrind professional concrete grinder and polisher eliminates cords and generators. Starter and specialty packages are available for chemicals, diamonds, propane vacuums and hand grinders.

Standard on all machines:

- ◆ 8 Gallon Water Tank
- ◆ EPA/CARB Certified Kawasaki 603cc Engine
- ◆ Locking Transport Wheel
- ◆ Adjustable Telescoping Handle
- ◆ Steel Body Construction
- ◆ Removable Panel for Easy Cleaning

Specifications	UltraGrind
Grinding width	30"
Engine	603cc Kawasaki
Horsepower	LPG 17.19
Work rating	800-1000 sq. ft/hour
Drum RPM	950-1470
Head RPM	475-735
Grinding pressure	Up to 780 lbs
Price*	\$19,995.00

*All prices are subject to change without notice.

The UltraGrind comes with a 1 year machine warranty and a 2 year engine warranty.

The LowRider

27" High Speed Propane Burnisher

Features:

- ◆ Ultra Low Profile: 3 3/4" for Burnishing Under Hard to Reach Areas
- ◆ Rugged, Patented Solid Steel Body
- ◆ 20HP 603cc Kawasaki Engine with Low Oil Shut Down and Safety Regulator Fuel System
- ◆ Premium Catalytic Muffler for Ultra Low CARB and EPA Emissions
- ◆ 12 Volt Battery Key Start
- ◆ Adjustable Comfort Handle with Click-n-Lock Throttle Cable
- ◆ Advanced Polymer Composite Pad Driver
- ◆ Adjustable Back Wheels for Controlled Pad Pressure
- ◆ Patented Airtight Floating Dust Skirt

Specifications	The LowRider
Pad Size	27"
Pad Speed	1700 RPM
Sound level	80 db
Oil safety system	Low oil shutdown
Productivity	33,000 sq. ft/hr
Price*	\$4,295.00

Available Options:

- ◆ Auto Emission Shutdown
- ◆ Blue Sky Certified Engine
- ◆ Centrifugal Clutch
- ◆ Dust Control Option add \$300

*All prices are subject to change without notice.

The LowRider comes with a 1 year machine warranty and a 2 year/500 hours engine warranty.

Ermator S13 Single-Phase HEPA

Dust Extractor

The Ermator S13 single motor Dust Extractor is available in 120V or 230V single phase. This powerful Dust Extractor is suitable for fine construction dust such as concrete grinding, building and plaster dust. It is equipped with a flushable fine filter and HEPA filters that meet asbestos standards.

Features:

- ◆ Jet Pulse Filter Cleaning System
- ◆ Vacuum Meter for Filter Control
- ◆ Non-Marking, Puncture-Free Wheels
- ◆ Lockable Front Casters

Standard Equipment:

- ◆ 1.5" Hose Assembly (16' Feet Long)
- ◆ 1.5" Wand
- ◆ 14.5" Floor Tool
- ◆ Conical Pre-Filter
- ◆ (1) HEPA Filters
- ◆ 14" Replacement Rubber Squeegee Set
- ◆ 10 Gallon Disposable Poly-Bag for Dust-Free Handling and Disposal

Specifications:

Model #	07204
CFM	129
Waterlift	100
HP	1.7
Amps	9.8
Volts	120
Weight	66lbs
Price*	\$1,329.00

*All prices are subject to change without notice.

The Ermator S13 comes with a 12 month warranty or 36 month with warranty card returned.

All Ermator Dust Extractors come standard with independently tested and certified HEPA filters with an efficiency rating of 99.97% at .3 microns.

Ermator S26 Single-Phase HEPA Dust Extractor

The Ermator S26 dual motor Dust Extractor is available in 120V or 230V single phase. This powerful Dust Extractor is suitable for fine construction dust such as concrete grinding, building and plaster dust. It is equipped with a flushable fine filter and HEPA filters that meet asbestos standards.

Features:

- ◆ Jet Pulse Filter Cleaning System
- ◆ Hour Meter and Vacuum Meter for Filter Control
- ◆ Non-Marking, Puncture-Free Wheels
- ◆ Lockable Front Casters

Available Upgrades:

- ◆ Twin Hose Kit, Run two hand grinders with one vacuum

Specifications:

Model #	07205	07206

Standard Equipment:

- ◆ 2" Hose Assembly (25 Feet Long)
- ◆ 2" Wand
- ◆ 18" Floor Tool
- ◆ Conical Pre-Filter
- ◆ (2) HEPA Filters
- ◆ 14" Replacement Rubber Squeegee Set
- ◆ 1 Longopac Bag Sleeve for Dust-Free Handling and Disposal

All Ermator Dust Extractors come standard with independently tested and certified HEPA filters with an efficiency rating of 99.97% at .3 microns.

*All prices are subject to change without notice.

The Ermator S26 comes with a 12 month warranty or 36 month with warranty card returned.

Ermator S36 Single-Phase HEPA

Dust Extractor

The S36 triple motor Dust Extractor is only available in 230V single phase. With its three large commercial-grade vacuum motors, it is the most powerful single phase dust extractor on the market today. What makes the S36 truly unique and unmatched in the concrete grinding and polishing industry is the quantity and size of its filters. It has a massive pre-filter with over 50-square feet of media, constructed in a cone-shape to reduce filter loading.

Features:

- ◆ Non-marking, puncture-free wheels
- ◆ Jet Pulse Filter Cleaning System
- ◆ Hour and Vacuum meter for filter control
- ◆ Lockable front casters
- ◆ Distribution box for plugging in a grinder

Standard Equipment:

- ◆ Distribution Box
- ◆ 2" Hose Assembly (25 Feet Long)
- ◆ 2" Wand, 18" Floor Tool and 14" Replacement Rubber Squeegee Set
- ◆ Conical Pre-Filter and 3 HEPA Filters
- ◆ 1 Longopac Bag Sleeve for Dust-Free Handling and Disposal

Available Upgrades:

- ◆ Twin Hose Kit Run Two Hand Grinders with One Vacuum

All Ermator Dust Extractors come standard with independently tested and certified HEPA filters with an efficiency rating of 99.97% at .3 microns.

Model	07207
CFM	353
Waterlift	100

The Ermator S36 comes with a 12 month warranty or 36 month with warranty card returned.

Ermator T4000 Three-Phase HEPA Dust Extractor

The T4000 (230 V) Three-Phase Hepa Dust Extractor is one of the newest members of Ermator’s T-line. The 230V, 3-phase motor provides 280 CFM and 125” of water lift. The high water lift secures high suction power to small and mid-size, low voltage concrete grinders, scarifiers, saws and shot blasters.

The T4000 features a large pre-filtration surface, long lasting suction power and low filter cost. Individually tested and certified HEPA filters provide a safe environment for the operator and other job site workers.

Standard Equipment:

- ◆ **2" Vacuum Hose (25 Feet Long)**
- ◆ **Complete Floor Tool Kit Including a 2" Hose (25 Feet Long), 2" Wand and 18" Floor Tool**
- ◆ **3 Year Warranty**

Available Upgrades:

- ◆ **Twin Hose Kit, Run two hand grinders with one vacuum**

Model #	07209
CFM	280
Waterlift	125
HP	8
Amps	21
Volts	230
Weight	185 lbs
Price*	\$7,095.00

All Ermator Dust Extractors come standard with independently tested and certified HEPA filters with an efficiency rating of 99.97% at .3 microns.

*All prices are subject to change without notice.

The Ermator T4000 comes with a 12 month warranty or 36 month with warranty card returned

Ermator T7500 Three-Phase HEPA Dust Extractor

The T7500 (230V) Three-Phase Dust Extractor has 20% more filter capacity than its predecessor, model T75. But don't be misled by its size; the T7500 is easy to transport to and from jobsites. It is also suitable for pairing with a wide selection of grinders. The T7500 is equipped with Jet Pulse for effective filter cleaning and Longopac dust free changing of bag and easy disposal of the machine's contents. It is also equipped with a quiet, yet powerful turbine motor delivering exceptional airflow at 353 CFM. Its two oversized, tested and certified HEPA filters ensure clean air exhaust. It includes the same sock-style pre-filters that have earned a reputation for providing nonstop grinding and a long service life. The pre-filters can be cleaned from the outside of the tank via Jet Pulse negative air pressure. The unique 70-foot Longopac allows fast, drop-down, dust-free disposal into individually sealed plastic bags.

Get the most out of your T7500 by connecting it to the Ermator C5500 Pre-Separator to make it a three-stage filtration system.

Standard Equipment:

- ◆ 3" Vacuum Hose (33 Feet Long)
- ◆ Complete Floor Tool Kit Including a 2" Hose (25 Feet Long), 2" Wand and 18" Floor Tool
- ◆ 3 Year Warranty

All Ermator Dust Extractors come standard with independently tested and certified HEPA filters with an efficiency rating of 99.97% at .3 microns.

The Ermator T7500 comes with a 12 month warranty or 36 month with warranty card returned.

T8600 Three-Phase HEPA Dust Extractor with Distribution Box

The T8600 (480V) Three-Phase Dust Extractor is equipped with a quiet, yet powerful turbine motor delivering exceptional airflow at 353 CFM. Its two oversized, tested and certified HEPA filters ensure clean air exhaust. The T8600 includes the same sock-style pre-filters that have earned a reputation for providing nonstop grinding and a long service life. The pre-filters can be cleaned from outside of the tank via Jet Pulse negative air pressure. The unique 70-foot Longopac allows fast drop-down, dust-free disposal into individually sealed plastic bags.

When used with the C5500 Pre-Separator, the T8600 is the most recognized and proven HEPA Dust Extractor/Pre-Separator three-stage filtration system in the world. The T8600 is packed with plenty of power and filter area. It exceeds the requirements of the most demanding three-head grinders.

ACE Continuous Bags

The ACE Continuous Bag System is a 60' long continuous vacuum bag. It features dust free containment to help protect your workers from harmful airborne dust. Unlike dust bin systems our continuous bag make it much easier to dispose of the grinding dust.

Four Continuous bags with zip ties are included in every box.

If your vacuum does not have continuous bag system, don't worry! The ACE upgrade kit easily converts other systems to a continuous bag system.

Features

- ◆ **Four 60' continuous bags**
- ◆ **Zip ties to make disposal quick and easy**
- ◆ **High Strength Plastic to minimize tears**

ICE IW90 Professional Wet & Dry Vacuum

The IW90 is a wet/dry vacuum that utilizes a two-stage tangential vacuum motor with a water lift capability of 120" to enable maximum water recovery. The front-mounted squeegee (26in) further increases efficiency. Any maintenance is incredibly simple thanks to its extra-large recovery tank window. The IW90 also has an ergonomically designed, adjustable handle and rotationally molded body for maximum durability. We understand that you use your machines as hard as possible to do your job, and we recognize that sometimes maintenance is a necessity. That's why our auto scrubbers and cord electric equipment come with a 5 year warranty. We have faith that we put out the best equipment possible, but if anything happens, we're here for you.

Features

- ◆ **Extended front-mounted squeegee**
- ◆ **2-stage tangential vacuum motor**
- ◆ **On-board accessories compartments**
- ◆ **Industrial grade 3.5" front casters**
- ◆ **10" rear wheels**

Standard Accessories

- ◆ **Dusting Tool**
- ◆ **Crevice Tool**
- ◆ **Stainless Steel Tube**
- ◆ **8 ft. Hose Assembly**
- ◆ **Wet/Dry Pickup Tool (14 Inches)**
- ◆ **Front Mounted Squeegee**

ICE 20" Walk-Behind Auto Scrubber

Large facility with a few tight spots? The i20NB (Pad Assist)/i20NBT (Traction Drive) is your solution. It is a fully automated walk-behind scrubber with a 15 gallon solution capacity, an electrical actuator for pad pressure up to 66/99lbs, and a durability-boosting cast aluminum brush deck with a curved squeegee. It has a 20in cleaning width, allowing for spotless floors in your smaller areas. Downtime is wasted time. Money spent on replacement parts takes away from your bottom line. We understand that you use your machines as hard as possible to do your job, and we recognize that sometimes maintenance is a necessity. That's why our auto scrubbers and cord electric equipment come with a 5 year warranty. We have faith that we put out the best equipment possible, but if anything happens, we're here for you.

Features

- ◆ Variable speed traction control on the i20NBT
- ◆ Oversized 15-gallon solution tank improves working efficiency
- ◆ State-of-the-art, user friendly touch panel control system
- ◆ Cast aluminum brush deck and curved squeegee
- ◆ No tools needed for changing squeegee blades
- ◆ Delayed vacuum motor shut off
- ◆ Emergency shutdown system

Standard Accessories

- ◆ A 19" Pad Holder
- ◆ 13 Amp On-board charger

Available Upgrades

- ◆ Gel Batteries

ICE 24" Walk-Behind Auto Scrubber

The i24BT is an automated walk-behind scrubber with a dual brush design, a steel chassis, and an aluminum brush base/pick-up tool. The i24BT has a 15 gallon solution tank and offers up to 99lb of pad pressure. It's a more compact machine with the capabilities and durability to work alongside our larger models. Downtime is wasted time. Money spent on replacement parts takes away from your bottom line. We understand that you use your machines as hard as possible to do your job, and we recognize that sometimes maintenance is a necessity. That's why our auto scrubbers and cord electric equipment come with a 5 year warranty. We have faith that we put out the best equipment possible, but if anything happens, we're here for you.

Features

- ◆ Variable speed traction control
- ◆ Oversized 15 gallon solution tank improves working efficiency
- ◆ Touch panel control system is state-of-the-art and user-friendly
- ◆ Die-cast aluminum brush deck and curved squeegee
- ◆ Variable 66lb or 99lb pad pressure
- ◆ No tools needed for changing squeegee blades
- ◆ Delayed vacuum motor shut off eliminates pooling
- ◆ Emergency shutdown system
- ◆ Working efficiency up to 28,000 feet²/hour

Standard Accessories

- ◆ One 24" Pad Holder
- ◆ 13 Amp On-board battery charger

Determining the first step in the process is of utmost importance. See the following examples:

- If you are grinding Very Soft Concrete (VSC) and it is slightly pitted, you may start with a VSC Green 80. However, if the pits are deep or if aggregate exposure is your goal, you should start with a coarser diamond VSC Green 40.

Determining the first step in the process is of utmost importance. See the following examples:

- If you are grinding Medium Concrete (MC), start with the MC Red Series, Choose a grit size that will get you the aggregate exposure you are looking for in a timely manner.
- If you are grinding Very Hard Concrete (VHC), where the finisher has “burned it in,” start with VHC Gold 20 or 40 grit to remove the trowel marks and cream to expose salt and pepper.
