Ermator T4000 Three-Phase HEPA Dust Extractor

The T4000 (230 V) Three-Phase Hepa Dust Extractor is one of the newest members of Ermator's T-line. The 230V, 3-phase motor provides 280 CFM and 125" of water lift. The high water lift secures high suction power to small and mid-size, low voltage concrete grinders, scarifiers, saws and shot blasters.

The T4000 features a large pre-filtration surface, long lasting suction power and low filter cost. Individually tested and certified HEPA filters provide a safe environment for the operator and other job site workers.

Like all Ermator vacuums, T4000 is equipped with drop down disposal, Longopac collection system, JetPulse filter cleaning and a manometer.

Standard Equipment:

- ◆ **2" Vacuum Hose (25 Feet Long)**
- ◆ **Complete Floor Tool Kit Including a 2" Hose (25 Feet Long), 2" Wand and 18" Floor Tool**
- ◆ **3 Year Warranty**

Available Upgrades:

- ◆ **Twin Hose Kit, Run two hand grinders with one vacuum**

Model #	07209
