Ermator S36 Single-Phase HEPA Dust Extractor

The S36 triple motor Dust Extractor is only available in 230V single phase. With its three large commercial-grade vacuum motors, it is the most powerful single phase dust extractor on the market today. What makes the S36 truly unique and unmatched in the concrete grinding and polishing industry is the quantity and size of its filters. It has a massive pre-filter with over 50-square feet of media, constructed in a cone-shape to reduce filter loading.

Features:

Like all Ermator Dust Extractors, the S36 has the Jet Pulse filter cleaning System. It also comes with an hour meter and vacuum meter for filter Control, non-marking puncture free wheels, lockable front casters and a distribution box for plugging in a grinder.

Standard Equipment:

- ◆ Distribution Box
- ◆ 2" Hose Assembly (25 Feet Long)
- ◆ 2" Wand, 18" Floor Tool and 14" Replacement Rubber Squeegee Set
- ◆ Conical Pre-Filter and 3 HEPA Filters
- ◆ 1 Longopac Bag Sleeve for Dust-Free Handling and Disposal

All Ermator Dust Extractors come standard with independently tested and certified HEPA filters with an efficiency rating of 99.97% at .3 microns.

Available Upgrades:

- ◆ Twin Hose Kit Run Two Hand Grinders with One Vacuum
